

Arkansas Education Loan

The Arkansas Education Loan is for undergraduate and graduate students who are Arkansas residents or who are attending a college or university in Arkansas. Applicants who do not meet the underwriting and credit criteria on their own may apply with one or two cosigners. The loan features:

- ▶ Fixed rates.
- ▶ Multiple repayment options.
- ▶ An interest rate reduction for using auto-debit during repayment.
- ▶ A cosigner release option.

Note: Aspire Servicing CenterSM has a contractual relationship with the Arkansas Student Loan Authority (ASLA), which operates under the Arkansas Development Finance Authority, a division of the Arkansas Department of Commerce, wherein Aspire Servicing Center performs certain private student loan (private loan) services for ASLA.

Repayment Options

There are three different in-school payment options for the Arkansas Education Loan so that you can choose the one that works with your financial situation. And each option has its own set of rates that are provided before you apply.

The **Immediate Payment** option requires monthly payments of principal and interest while you're in school. The **Interest-Only Payment** option requires monthly interest payments while you're in school and during the separation period. Both of these options prevent increases to the loan balance when regular on-time payments are made during the in-school period.

- ▶ The Immediate Payment option requires that monthly payments of principal and interest begin immediately — while you are enrolled in school — after the loan is fully disbursed.¹ This option also features our lowest interest rates.
- ▶ The Interest-Only Payment option requires that monthly payments of interest begin immediately after the loan is first disbursed and features a six-month separation period — once you graduate, leave school or drop below half-time enrollment and before the principal and interest repayment period begins — during which interest-only payments are required.² **Note:** Interest-only payments cannot be made using our auto-debit system because the amount will change each month.

The **Deferred Payment** option postpones payments until after you graduate, leave school or drop below half-time enrollment and features a six-month separation period during which no payments are required. You can make payments during the in-school or separation period with no penalty but are not required to do so with the Deferred Payment option.

You have the option of either a 10-year repayment term or a 15-year repayment term with these options. For more information, view the detailed interest rate information and examples on the following pages.

Loan Amounts

The Arkansas Education Loan must be:

- ▶ No more than the cost of attendance minus other aid annually.
- ▶ At least \$1,001.
- ▶ No more than \$100,000 cumulative.

Interest

Interest capitalizes at:

- ▶ The end of any qualifying deferment period for all loan options.
- ▶ The start of repayment status for loans that do not require principal and interest or interest-only payments while the borrower is enrolled and during the separation period.
- ▶ The final disbursement of loans that require monthly principal and interest payments while the borrower is enrolled in school and that have more than one disbursement.

¹ Borrowers with delinquencies during the principal and interest repayment period may have future disbursements and/or loans suspended or canceled.

² Borrowers who fail to stay current with any required interest-only payments may be unable to apply for and subsequently receive future loans.

Repayment Benefits

Interest-Rate Reduction

Earn a 0.25% interest rate reduction on your Arkansas Education Loan by making auto-debit payments when you begin principal and interest repayment.

The 0.25% interest rate reduction will apply once Aspire Servicing Center begins to automatically deduct payments and will remain in effect as long as automatic payments continue without interruption during the repayment period. The 0.25% interest rate reduction will not lower the monthly payment amount but will instead reduce the interest amount that accrues. The interest rate reduction will be suspended during approved assistance or if automatic payments are rejected due to insufficient funds.

Cosigner Release

Arkansas Education Loan borrowers can release their cosigners from payment obligations:

- ▶ After 48 consecutive monthly principal and interest payments are received on time.
- ▶ If the borrower meets the underwriting and credit criteria at the time the cosigner release is requested.

Armed Forces Interest Reduction

ASLA recognizes and appreciates the sacrifices made by members of the military and their families. To assist service members with their student loan, we offer an Armed Forces interest reduction program. Through the program, service members can get interest reduced to 0.00% on their private student loans.

You may be eligible for the program if you meet all the following requirements:

- ▶ While on federal active duty, you have a non-defaulted private student loan owned by ASLA during the period of eligibility.
- ▶ You are deployed between Sept. 11, 2001, and June 30, 2025.

Note: ASLA is required to issue a 1099-C form to the IRS and the borrower reporting a reduction of indebtedness of \$600 or more. You should consult your tax adviser regarding any tax consequences resulting from an interest reduction.

Eligibility Criteria

To be eligible for an Arkansas Education Loan, you must:
